

RUSSELL D. ARCHIBALD
PMI Fellow, APM/IPM Honorary Fellow, PMP, PhD (Hon), MSc

Russ has more than 50 years of broad international experience in program and project management, as well as operations and engineering management. He has experienced three basic careers:

- **Management Consultant** (27 years: Archibald Associates; CPM Systems, Inc.; Booz, Allen & Hamilton), in project and strategic management. He has consulted in 14 countries on 4 continents to large and small companies in telecommunications, information technology, industrial, engineering, construction, consumer product and service sectors, plus federal and local government agencies and international development banks. Russ has also presented expert witness testimony on nuclear power plant and pipeline construction projects, and on litigation involving project management software application packages.
- **Corporate:** (15 years), as a mechanical engineer in petroleum refinery construction and operation (ESSO/Creole Petroleum, Venezuela), and project manager and senior executive in telecommunications (ITT Corp., USA and Mexico) and in automotive manufacturing (Bendix Corp., France, India and the United States.)
- **United States Air Force (1943-46, 1951-58)/Aerospace** (12 years), as USAF Senior Pilot, project officer, design and project engineer, and branch manager with the USAF Air Research and Development Command; and 3 years as design engineer and department manager, Aerojet General Corporation and Hughes Aircraft Company.

Russ is the author of **Managing High-Technology Programs and Projects** (Wiley, 3rd Ed. 2003), also published in Russian, Italian and Simplified Chinese 2005; previous editions published in Italian, Japanese, and Russian; co-author of **Network-Based Management Information Systems (PERT/CPM)** (Wiley, 1967), published in Hungarian 1971; plus numerous articles and papers presented at the Project Management Institute/PMI and the International Project Management Association/IPMA meetings in North & South America and Europe. In August 2005 he was honored with the degree of *Philosophiae Doctor Honoris Causa*, Doctor of Philosophy in Strategy, Programme & Project Management, by the Lille Graduate School of Management, *Ecole Supérieure de Commerce de Lille*, one of the *grande ecoles* of France. He holds Bachelor of Science (Univ. of Missouri 1948) and Master of Science (Univ. of Texas, Austin 1956) degrees in mechanical engineering, is a Fellow and certified Project Management Professional (PMP) of the Project Management Institute (member No. 6, one of the five original trustees), an Honorary Fellow of the Association of Project Management/APM-U.K./IPMA, and is listed in **Who's Who in the World**.
